

SPRING 2022

WELCOME SPRINGTIME!

An opportunity for new beginnings & inner journeys.

The spring season kicks off in March with a lot of energy—Mardi Gras on the 1st; Ash Wednesday on the 2nd; Daylight Savings Time on the 13th; St. Patrick's Day on the 17th; Full Moon in Virgo on the 18th and Spring Equinox on the 20th.

The New Moon in Pisces conjuncts Jupiter, which is the traditional ruler of Pisces, strengthening its impact toward positive thinking and an expansion of compassion and kindness. Jupiter is also sextile aspect to Uranus in Taurus, which symbolizes brilliant thinking and finding a way out of things that seem impossible to solve. The Sun and Moon in Pisces connect these two potent planets and is a cause for optimism for whatever we are attempting to handle.

Currently, Pluto, Venus, and Mars are in Capricorn at 27 degrees and in square aspect to Eris at 24 degrees Aries—transforming our values, financial resources, and relationships. We are pushed to make hard choices and handle our anger with a new perspective. It's time to step up, show up, and act with authenticity based strictly on the spiritual principles of our inner guiding light.

In mid-March, there will be a full Moon in Virgo. Venus and Mars will enter the sign Aquarius, closely aspecting Uranus in Taurus. This movement may affect your relationships and financial matters—creating unusual events and new realizations for the second half of the month.

This season, we can expect the unexpected! It's the perfect time to be open to new ways of thinking. We must also realize that our current problems cannot be resolved with the same assumptions and habits that created the problems in the first place. It's time to embrace new ways of living life.

How is all of this astrological movement affecting you? A reading can help you view situations or circumstances with a new lens and make positive changes. Remember, the power of the Universe is always with you!

If you've never had your astrological chart done, this is a great time to do it or to schedule your yearly update. Email plutorising424@gmail.com or call 610-296-2324 to schedule your Zoom reading with Sara!

Dates to Remember

Mercury retrogrades happen 3 to 4 times a year. It's a good time for self reflection, introspection and study. It's not a good time to try to get things accomplished! Try to hold off on scheduling appointments, installing any new electronics or dealing with any type of communications.

Mercury is the communication planet. For those who don't believe in Mercury retrograde—it's not a belief, it's a fact. When in retrograde, it's telling us to slow down, take a breath and spend time contemplating things you would like to occur once it goes direct again.

2022 Mercury Retrograde Dates:

- January 13 - February 3
- May 10 - June 3
- September 9 - October 2
- December 29 - January 18 (2023)

Mark these dates on your calendar! Avoid planning things while Mercury is in retrograde—instead, work behind the scenes to avoid frustration.
